Highworth Holistic Health, 26 Newburgh Place, Highworth, SN6 7AW

Patient Satisfaction Statement

I endeavour at all times to provide the best possible service to all my patients. However, if you should feel dissatisfied in any regard with the care you have received here, please let me know.

If you would like to speak to someone other than me regarding any chiropractic care that you have received from me, please contact Becky Weir on 07525 002627. She is the other chiropractor at Highworth Holistic Health.

If you would prefer not to speak to Becky, The McTimoney Chiropractor's membership association, the McTimoney Chiropractic Association, are available for an independent opinion on any aspect of your chiropractic care, and can be contacted on 01491 829211. Please ask to speak to Liz Carson as she is the lady who deals with these matters. The General Chiropractic Council regulate chiropractors in the UK, and if you have an outstanding issue that has not been resolved by either of the above routes, please feel free to contact them, their contact phone number is 0207 713 5155.

If you would like to make a complaint about any aspect of my work as a nutritionist or nutritional therapist, please contact Jacky Millar, nutritional therapist, her contact number is 07525025142. Should you still feel that the situation is unresolved, please contact BANT – the British Association for Nutrition and Lifestyle Medicine, the body with whom I am registered for this part of my work.

October 2020.
